NAAC - SELF STUDY REPORT

PREFACE

M. P.S. Science College, is a Premier Constituent Unit of B.R.A. Bihar University, Muzaffarpur. It was established in the year 1967 and is situated in the heart of Muzaffarpur, of Bihar State, India.

The College was first named Science College, and was started in rented building situated in B.B. Collegiate, Muzaffarpur. Smt. Shakuntala Singh was the founder Principal of the college and started running under her experienced guidance.

In the mid of year 1967, Sri Mahesh Prasad Sinha, the then Revenue Minister of Bihar Government, in association with a group of dedicated nationalists, educationists and social thinkers like Sri Laliteshwar Prasad Shahi, Sri Nawal Kishor Sinha, Sri Triveni Prasad Singh, Sri Bhuwaneshwar Chaudhary, Sri Ram Babu Singh Singh, Sri Ramchandra Prasad Shahi, Sri Pashupati Nath Mehta, Sri Tripurari Sharan, Sri Ram Badan Sharma, Dr. Raghunath Jha, Dr. Binod Bihari Prasad Singh, Dr. Devendra Prasad Sharma and young academician Dr. Nand Kishor Prasad Singh, laid an informal base of Science College, Muzaffarpur. Actually, Sri Mahesh Prasad Sinha had a dream to establish another Science College in Bihar, on the northern side of holy river Ganga. The Senate of Bihar University in its meeting held on 26th November, 1967 considered the claim for affiliation of Science College and there after granted permission to impart teaching at degree level in Science and Arts faculty on 16.12.1967. Initially the college was running in the premises of B. B. Collegiate School, Motijheel, under the supervision of Dr. Nand Kishor Prasad Singh. After six months, the college got its first commissioned principal – Sri. Vindhyachal Rai.

In 1974, the college was shifted in its newly constructed building with seven Acers green campus, situated near Gobarsahi Chowk, North of NH-28, in *Majhauri Khetal Panchayat*, Muzaffarpur. It's relevant to mention here that the eldest daughter of Sri Mahesh Babu Smt. Krishna Shahi (a member of Syndicate) and Sri Radha Raman Prasad Singh along-with Sri Vindhyachal Rai, were the living spirit behind the construction of college building. On 1st October, 1980 the Government of Bihar took over the college and converted it in a constituent unit of Bihar University.

FOUNDER OF THE COLLEGE : MAHESH PRASAD SINHA

During the Non-Cooperation-Khilafat Movement, Muzaffarpur emerged as one of the strongest sites of the anti-colonial struggle in Bihar. The organizational activities, revolutionary writings and fearless speeches of high stature leaders, viz. Shafi Daudi, Ramdayalu Singh, Maghfur Aijazi, Manzur Aijazi and Janakdhari Prasad attracted many youth from across the region. Gandhiji's several visits, from Champaran Satyagrah onwards, added to the enthusiasm and fearlessness. Along with the abovementioned worthies, many students and youth also jumped into the fray. Mahesh Prasad Singh (1900-1971) was also among those worthies.

Born on 8th June 1900, at a village Karnauti, in Mahnar thana of Muzaffarpur (now Vaishali) district, Mahesh Babu came from a middle class and had difficult days because of having lost his parents in childhood. He received his primary education from the school of his village, and then did his matriculation from Monghyr, under the guardianship of Shri Krishna Sinha. Mahesh Babu had jumped into the national movement in 1920, yet he managed to complete his Intermediate in Arts from RDJ College, Monghyr, and B.A. in 1924 from the Patna College. In 1925 he obtained a degree in Law from the Patna Law College and started law practice from Muzaffarpur in 1926. By dint of merit and sustained labour, soon he emerged as a successful lawyer.

C. Criteria-Wise Inputs

CRITERION I: CURRICULAR ASPECTS

1.1 Curriculum Planning and Implementation

1.1.1 State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.

Vision

Equip students with knowledge and skills in their chosen stream, inculcate values, identify hidden talents, provide opportunities for students to realize their full potential and thus shape them into future leaders, entrepreneurs and above all good human beings.

Mission

- To equip students with advanced knowledge and the latest skills in their chosen discipline.
- To Shape the personality and Career of 'Yong India' with Scientific Approach, Modern Ideas, Moral Ethics, Discipline and feeling of *Social responsibility*.
- To nurture a scientific spirit of inquiry among the students.
- To provide value-based education that will mould them into good and responsible citizens playing a meaningful role in society.
- To tap the students' potential – both hidden and obvious – and offer a platform for their talents.

Objective

- To convert the vision and mission into reality, the college aims-
- To empower the girls wholly by providing ample space for creativity and innovation.
- To develop strong self-confidence and knowledge to enable students to project themselves as employable.
- To impart not only sound education to the young girls & boys but also mould them to be upright, and committed citizens, strongly sensitive to the varied needs of our developing society.
- To be self-reliant and courageously face the challenges of life.
- To encourage leadership, integrity and a deep sense of social justice arising from a sensitivity to moral values and principles

NAAC - SELF STUDY REPORT

- To develop a strong sense of discipline and a dignity of labour among students.
- To develop critical and analytical thinking among students.
- To achieve good performance within limited resources.
- To preserve and enhance the highest standards of excellence and help students to master the expanding horizons of knowledge and also become the repository of a deep commitment to Indian ethos and culture in a pristine form.
- To help students equip themselves to access the best opportunities of growth and advancement by being prepared linguistically and culturally for them.
- To carefully sensitize the students to environmental concerns.
- The concept of enlightened citizens of the world will be the background of all our endeavors.

The vision, mission and objectives are communicated to the students, teachers, staff, and stake holders in the following way.

- The vision, mission and objectives are permanently displayed on the college hoarding in the campus.
- They are published in the college prospectus highlighting the distinctive characteristics of the college in terms of the needs of the society and students, besides the traditions and value orientations.
- Details regarding the vision, mission and objectives are regularly discussed with / among the students, teachers, staff, as well as the stake holders during interaction with each other, thus this keeps all acquainted with it.
- The college website also highlights the vision, mission and objectives of the college, very prominently, so that it can easily be conveyed to one and all that go through it.

CRITERION II: TEACHING-LEARNING AND EVALUATION

2.1 Student Enrolment and Profile

2.1.1 How does the college ensure publicity and transparency in the admission process?

Advertisements are being given in regional national daily newspapers. Students can apply for any course of their choice and based on their qualification. The application forms and prospectus are being made available at a normal cost to the applicant.

2.1.2 Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the Institution.

Admissions to various courses are based on merit in the past qualified examination. A college level admission committee, constituted by the college, monitors the whole admission process. A minimum of 50 % marks for the Science & Arts faculty and 60% marks for Commerce faculty in the General category, with relaxation SC/ST candidates. For professional and vocational courses entrance examinations are being conducted. Entrance test for all entries is under process. The college strictly follows the rules laid down by the UGC, B.R.A. Bihar University, Muzaffarpur and Bihar State University Act & Statutes.

2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating university within the city/district.

A minimum of 50 % marks for the Science & Arts faculty in the General category, with relaxation SC/ST candidates.

NAAC - SELF STUDY REPORT

2.1.4 Is there a mechanism in the institution to review the admission process and student profiles annually? If 'yes' what is the outcome of such an effort and how has it contributed to the improvement of the process?

Yes, the admission committee checks & rechecks the merit lists for errors. If, any error is found therein it is immediately taken care of. Now whole admission process is being reviewed seriously & software is being prepared for entrance test as well as evaluation of OMR sheets.

2.1.5 Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion

- * SC/ST
- * OBC
- * Women
- * Differently abled
- * Economically weaker sections
- * Minority community
- * Any other

SC/ST/OBC: The Counseling Cell of the College is very active and counseling the students for admission. Students from disadvantaged community are being benefited in reservation as per Bihar government circulars and B.R.A. Bihar University, Muzaffarpur statutes.

2.2 Catering to Student Diversity

2.2.1 How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?

- a. Following reservation policy in the institution.
- b. Construction of ramp in different sections of college building.
- c. Facility of Braille Library is being established.

2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.

The mechanism of written test (in some of the courses), interview and Counseling prior to the admission acts as a suitable means to assess the Students needs related to knowledge and skills.

2.2.3 What are the strategies drawn and deployed by the institution to bridge the knowledge gap of the enrolled students to enable them to cope with the programme of their choice? (Bridge/Remedial/Add-on/Enrichment Courses, etc.

The college provides remedial classes for bridging the knowledge gap among the students. Besides, student enrichment programmes consisting of special classes, lectures etc. are also instrumental in narrowing the knowledge and skill gap.

2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?

Mahesh Prasad Sinha Science College is very particular in promoting gender sensitiveness, inclusive education and environmental awareness. To cater to these needs appropriately and optimally we have reservation policies for girls in admission. Apart from it, we have set up gender sensitization cell and eco-club for creating awareness regarding the issues of gender equality, environmental awareness and

NAAC - SELF STUDY REPORT

values of inclusion. The Counseling committee for girl students makes them aware of the facilities available to them in the college and encourages them to take part in co-curricular and extracurricular activities.

2.2.5 How does the institution identify and respond to special educational/learning needs of advanced learners?

We identify the advance learners through the classroom performance and their learning needs are addressed through the following mechanism:

- Special lectures and seminars
- Workshops
- Educational tours
- Taking personnel care of such intelligent students by providing reference books and advance learning materials.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc.)?

The following steps are undertaken for the above mentioned purpose:

- Assessment of dropout rates from every department.
- Analysis of causes of dropouts.
- Remedial acts:
- Midterm counseling.
- Parent-teacher interaction.

2.3 Teaching-Learning Process

2.3.1 How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)

At the beginning of each academic session we plan and introduce a calendar assed by respective Departmental Councils. The academic calendar is further divided into session wise teaching plan based on set of modules which facilitate a systematic and prioritized teaching in the classroom.

NAAC - SELF STUDY REPORT

At the closing of each session, students are requested to select one topic each from different modules to present a seminar paper. We also trying to ensure that it does not remain department- centric but make it interdisciplinary in nature. Credit points given to the students/participants of the seminar form the basis of the internal assessment.

2.3.2 How does IQAC contribute to improve the teaching –learning process?

The IQAC (here after referred as committee) provides suggestions regarding teaching aids, incorporation of new techniques under the aegis of UGC and INFLIBNET. Added to it, the committee keenly observes the progress of academic calendar and evaluation process including quality enhancement in all respect.

2.3.3 How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?

Some departments have been provided with LCD projectors and Integrated Computers which further facilitate the interactive learning process among students.

The students are divided into group of five and each of them is given a topic which has to be presented the classroom through power point presentation. However, this support system has not been provided to all departments due to lack of funds. The college is trying to arrange funds for the same.

2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?

It has already been mentioned in the above paragraph that students are encouraged to ask questions in the classroom and one class in each department in a fortnight is solely dedicated to question-answer session. Besides, the “Discussion group mode” is followed in which a small group of students is encouraged to interact with their faculty members in which their wide range of queries are answered.

Added to it, thematic seminars are also organized periodically in which the students are encouraged to participate. The inculcation of secular and scientific temper in inbuilt into the teaching module and are further strengthened by especially providing such focused topics among the discussion groups.

2.3.5 What are the technologies and facilities available and used by the faculty for

NAAC - SELF STUDY REPORT

effective teaching? Eg: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

Some departments have been provided with computers and the Internet facilities and LCD projectors. Although one well equipped smart classroom is in the college, by which we are trying to induct these new teaching techniques.

2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?

For widening up the horizon of knowledge among the students and teachers, lectures from well known figures of their disciplines are organized. The departmental seminars are almost held regularly.

2.3.7 Detail (process and the number of students \benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling/mentoring/academic advise) provided to students?

The college has developed a mechanism for academic counseling, psycho-social support and guidance services over the years. The College has a Research Guidance Committee, Career and Counseling Cell, Grievance Redressal Cell, Anti Ragging Squad, and Counseling committee for Girls students. A cell for Prevention/Action against sexual harassment of women/female students & staff is also functional. In addition the Principal and HODs in person provide academic, personal and psycho-socio guidance to the students and listen to their grievances with due empathy.

2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faulty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

In the last four years the ambience of classroom teaching has changed to a great extent. The traditional teaching techniques have been supplemented by the use of audio-visual methods. Internet facilities have been made available to the teachers &

NAAC - SELF STUDY REPORT

students which help them in preparing their lectures. These measures make the classroom teaching more effective and interesting. Further, the interactive teaching method has been given emphasis.

2.3.9 How are library resources used to augment the teaching-learning process?

The digitization of library has been completed and it has become more reader friendly after establishment of E-Library. The subscription of e-journals has also helped in updating the knowledge and provides access to latest researches in different disciplines.

2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.

Due to the lack of examination hall in the college, the college building is being converted into the examination center time to time for intermediate, Graduate, Post Graduate examinations and Matric examination. This is a major disruptive factor in the completion of syllabus. The morning classes held to compensate for the loss to students are not well attended.

2.3.11 How does the institute monitor and evaluate the quality of teaching learning?

The quality of teaching learning process is maintained through continuous monitoring by IQAC and the committee as well as monitoring by the Principal itself.

2.4 Teacher Quality

2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum

2.4.4 What policies/systems are in place to recharge teachers? (eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)

The institution supports and encourages faculty members to broaden their theoretical perceptions and sharpen the methodological tools of the subject concerned. The teachers are encouraged to attend the orientation and refresher courses conducted in various universities across India. Added to it to promote researches the teachers are encouraged to send minor and major research proposals to UGC/CSIR/ICHR/ICSSR. The research awards are definitely instrumental in recharging the faculty members as they engage with new discourses, methodologies prevalent in the respective subject. The college also provides small grants to departments to undertake some specific and extremely relevant research proposals and fieldwork.

2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.

02 Faculty Members

2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

NAAC - SELF STUDY REPORT

The Institution is in the process of establishing a mechanism for evaluation of teachers by the students. This shall be operational in about two months after a decision is taken on the proposal by IQAC of college and the College teachers Association. An initial process has been introduced in which we handover feedback forms to the students & other stake holders for evaluation of their teachers. However, it is still in the stage of infancy and in course of time it shall be further fine tuned. Added to it, oral feedback received by Heads of the department of different subjects regarding performance of the teachers has been the conventional method for evaluation of teachers.

2.5 Evaluation Process and Reforms

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

During the several orientation sessions of the newly admitted students after their admission, they are made aware of the evaluative process which is essentially based on continuous assessment incorporating alternative mechanism of evaluation such as presentations, field trips, exhibitions and written projects. The entire faculty members are associated with this orientation programme which is spread over two weeks at the beginning of the session. The interactive orientation session makes both the students and teachers aware of the evaluation process adopted by the university.

2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

The University has introduced one major evaluation reform which shall have lasting impact on the overall evaluation process. The college has adopted it in Toto and has also initiated some reforms within this framework. It includes assessment of the performance of students in extra-curricular activities and in test at the undergraduate level.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

A committee headed by the Principal of the college, which includes Head of the Departments is the nodal agency for supervising the evaluation reforms initiated by the

NAAC - SELF STUDY REPORT

university the institution on its own supplement it by departmental council's evaluator meetings.

2.5.4 Provide details on the formative and summative evaluation approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.

In the under-graduate courses at the end of the session, student's performance in the written examination is also taken into consideration for measuring their achievement. As such, there is no provision of internal assessment in undergraduate courses.

2.5.5 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.

Besides end semester evaluation and a regular internal assessment, some other methods, such as Quiz, essay writing is also utilized to monitor the progress of the students. The students are given topic and are encouraged to consult reference books and asked to give presentations giving the proper reference of the book consulted in the Library. This process helps in creating an interest among students for Library consultation

2.5.6 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.

For the purpose of internal assessment of students, college considers parameters viz. regularity (attendance), class room behavior, projects and presentation of projects in interview. In interview we try to ensure total transparency in all there aspects e.g. evaluated projects with comments are given to the students for improving upon their shortcomings.

2.5.7 Does the institution and individual teachers use assessment/evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.

NAAC - SELF STUDY REPORT

The answer sheets of the internal assessment are shown to the students on demand. The exam controller of the university has been instructed by the vice-chancellor to be sensitive to the grievances related to evaluation. The Principal of the college is also sensitive to grievances of the student related to evaluation.

2.5.8 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

The college has having its own grievances redressal committee, in which the grievances of students are being received. Drop boxes are hanging at many places, in which students are usually dropping their grievances. The grievances related with university are being forwarded to the B.R.A. Bihar University in rare cases.

2.6 Student performance and Learning Outcomes

2.6.1 Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?

The college implements the courses introduced by the affiliating university, i.e. B.R.A. Bihar University, Muzaffarpur. The learning outcomes are laid down in the very course design and course contents. The college, in its prospectus, reiterates those expect outcomes with a flavor of its own. Students and staff are made aware of these outcomes when staff council meets at the beginning of each academic session and also during midterm meets.

2.6.2 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

To facilitate the achievement of the intended learning outcomes the teaching, learning and assessment strategies are evaluated and discussed by each department as per the feedback received from students. The outcomes of such discussions are then placed before HODs committee, IQAC and college research committee for discussions and recommendations.

2.6.3 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (quality Jobs, entrepreneurship, innovation and research aptitude) of the courses offered?

In order to enhance the social and economic relevance of the courses offered, the college is keen to provide innovative aptitude among students. At graduate level, the

NAAC - SELF STUDY REPORT

college has taken up coaching class services for competitive jobs as well as remedial coaching for the disadvantaged groups.

2.6.4 How does the institution collect and analyse data on student learning outcomes and use it for planning and overcoming barriers of learning?

The college collects and analyses data with help of the office of the examination controller. A graphic representation is constructed for judging and analyzing the data outcome.

2.6.5 How does the institution monitor and ensure the achievement of learning outcomes

The college monitors and ensures the achievement of learning outcomes by IQAC and other academic bodies already mentioned above.

2.6.6 What are the graduates attributes specified by the college/affiliating university? How does the college ensure the attainment of these by the students?

The college adheres to and promotes the following graduate attributes:

- i. **Encouraging creative thinking and spirit of innovation-** the leadership quality is developed through involving the students in NCC and NSS activities and also through special classes of personality development.
- ii. **For capacity building** – The institution tries to equip them with spirit of entrepreneurship, eco-friendly attitude and healthy and balanced perspective towards life.

Any other relevant information regarding Teaching-Learning and Evaluation which the college would like to include.

CRITERIA VII: INNOVATIONS AND BEST PRACTICES

7.1 Environment Consciousness

7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

The Department of Botany of this Institution is very active and formed an Eco Club of the college consisting of a team of teachers, local environmental activists and students, which acts as a nodal agency for taking initiatives for green audit. The Department of Forest, Government of Bihar is also undertaking efforts for mapping and conserving the bio-diversity of this Campus. The team makes a qualitative & quantitative analysis of water also.

7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

Energy conservation: The staff members & non teaching employees are serious for energy conservation. Following measures have been taken to save energy:

- a. Fluorescents tubes are being used instead of Bulbs.
- b. CFL have been plugged at maximum places.
- c. In non reading room and non working areas, reduced lights are being used.
- d. For campus high sodium lights are being used.
- e. Lights are switched off, when not required.
- f. All Computers & accessories, which are not in use, are shut down.
- g. Electric Equipments are shut-off.
- h. ACs are being used as per requirement only.
- i. Members are of students and faculty as well as staff have been deputed to check the wastage of electricity.

Use of renewable energy: Solar panels are being used.

Water harvesting: The College has made a proper system for water harvesting in each block, buildings & different places. One storage tank has been made available for storage of rain water as well as ground water discharging from hostel and different Blocks.

Check dam construction: This facility is not available at present.

Efforts for Carbon neutrality: College has sprawling campus full of trees, shrubs and herbs. Plantation of trees has been increased. Recently institution has

NAAC - SELF STUDY REPORT

undertaken a forestation programme on a large scale in collaboration with the forest department in the campus. There are 2 gardens with seasonal as well as green plants--one is near the Administrative Block and the other within the Science Block. An Herbal garden with various herbal plants has been developed.

Plantation: Extensive plantation activities have been undertaken in collaboration with Forest Department, Government of Bihar. Added to the NSS unit of the college is also engaged in this activity. Plantation of 30 trees (with gabion) was done with the help of Forest & Environment Department, Govt. of Bihar. All the trees were of flowering trees.

Hazardous waste management: The College is keen to follow the government norms in the disposal of hazardous wastes. Department of Industrial Microbiology takes all precautions before disposing microbial wastes. Heavy waste furniture is sent to the workshop. Waste chemicals are properly disposed.

e-waste management: Very old computers, electronic wastes are disposed off as per their conditions. Sometimes it may be donated to few NGOs.

7.2 Innovations

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

- a. Administrative Block, Girl's hostel, Vocational Blocks have been constructed.
- b. Library of the College has been started to work as E-Library. Where students have been allocated good reading room.
- c. English Language Lab has been started.
- d. A pond for conservation of water, to stop wastage of water, and to store rain water was constructed.
- e. Dust bins are being provided in the class rooms and in the outer periphery--these are made of plastic and some others are made of concrete.
- f. For waste management Compost Manure System (worming) has been established. The manure which is manufactured would be utilised for the plants that have been planted for manuring them.
- g. Evaluation process by the students has been started.
- h. Student support services started.

NAAC - SELF STUDY REPORT

- i. Different Cells e.g. IQAC, Grievances Redressal Cell, Anti Ragging Cell etc have been constituted & functioning smoothly.
- j. NSS/NCC/Games/Music developed.
- k. Two career oriented courses started.
- l. Campus internet facilities enabled.
- m. Research collaboration started.
- n. Research Projects taken up by the faculty members.
- o. Personality Development of students/staff members.

7.3 Best Practices

7.3.1 Elaborate on any two best practices **as per the annexed format (see page ..)**

Which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.

NAAC - SELF STUDY REPORT

BEST PRACTICE – I

Title of the Practice: Towards greenery and eco-friendlier campus of SAM College

Goal:

- a. To keep the campus green and Clean.
- b. Implement and manage green & sustainable initiatives in campus.
- c. Monitor & reduce waste of campus operation & activities.
- d. Practice what we teach & learn in class rooms.
- e. Sustainable awareness & action in the campus and local community.

The Context:

The faculty members, IQAC members and students have realized that the campus of Sri Mahesh Prasad Sinha Science College should be green & eco-friendly. Then they started to work upon it after forming a good team called GREEN TEAM of staff & students along with the Botany department, NSS volunteers etc. Green campus is an environment which improves energy efficiency, conserving resources & enhancing environmental quality. Green campus also demonstrates its commitment to ecological sustainability through its various programmes & projects.

Still more number of trees to be planted. The green committee is planning to plant more number of trees in the campus.

The Practice: The Green Committee is working towards this issue in the campus. The members of the committee involved NSS student volunteers for tree plantation. In addition other students are also involved on a particular day so that everyone participates in this campaign. Plantation of 30 trees (with gabion) was done with the help of Forest & Environment Department, Govt. of Bihar. All the trees were of flowering trees. And 185 more good plants along with medicinal plants have been planted.

We started different initiatives i.e. Conducting Seminars and Workshops to enhance the knowledge of students, faculties and other members who are working in the College, Bye-Bye to plastic materials inside the Campus. No uses of plastic materials are being implemented by replacing the plastic cups, plates, bags, disposals etc. Waste management and water harvesting are started in the campus.

NAAC - SELF STUDY REPORT

Uniqueness: We ask the students to bring some seedlings or seeds at least one from their home or from nearby place and try to grow them in the college campus the management also helps the team to buy plants.

Constraints: The challenging issue is maintaining the planted trees and to avoid plastics 100% because climate & environmental effects. A Water problem is the only major constraint in this but this can also be overcome by planting drought resistant plant species.

Evidence of Success

Problems Encountered and Resources Required

Students are not following the advise sometimes due to which there exist some unclean situations in some places but they are duly monitored and rectified.

BEST PRACTICE – II

Title of the Practice: Women Empowering through Skill Development & Counseling

Goal:

- To give vocational, career oriented and technical education
- to privileged women to counsel and motivate women
- to lead a dignified life
- to empower women for changing fundamental aspects
- to sensitize women in general and society in particular about gender issues
- to create a mental climate for ensuring gender equity
- to contribute to national development

The Context:

The college is rooted firmly in the belief that no society can thrive if it excludes half the population of globe, from the onward march of progress. Ever since its inception in 1967, the college has been rendering valuable service for the emancipation and empowerment of Boys & women. Fully aware of the countless psycho-social pressures which are deeply embedded in attitudes, practices and behaviour patterns across the world and adversely impact the well-being of women, MPS Science seeks novel and practical ways to create more opportunities for empowering women. Issues like gender discrimination within family, lack of decision making powers and pressures of social attitudes cause acute depression and lead to unhappiness among women. The economic status of women which is in a pathetic condition further limits the growth and development of women.

Enhancing women's economic status is an important strategy for improving the welfare of Indian women living below poverty line. An effort is made to ameliorate the stress and limiting factors among women by helping women who could not complete their education due to familial, economic or social reasons. Vocational certificate courses are designed to equip lesser privileged women with skills to enable them to become economically independent and gain confidence.

Skill development and vocational training in areas like textile designing, cosmetology, food preservation, basic computer basics, communication skills and classes in personality development which focus on entrepreneurial skills are provided to ensure employability.

NAAC - SELF STUDY REPORT

The Practice:

As part of its mission of empowering women through education and self-reliance, the college has established the Women's Studies Centre (under the aegis of UGC) and Women Empowerment Cell that are vigorously involved in providing counselling and job skills to women from lesser privileged sections of society.

The Centre is dedicated to improving the lives of young women through counselling and advocacy of a range of services that promote personal growth and economic independence. The Centre very enthusiastically engages in advocacy work to achieve greater equality and social justice for women

Problems Encountered and Resources Required

The main problem was encountered in bringing women out from their conservative and non-supportive families governed by a patriarchal mind-set.

Resources Required

- Human Resources/Professionals to impart training
- Professionals for Counselling
- Buses to provide free transport services
